

Code	Technical term	Synonyms; explanations	Type (DD = descriptive diagnosis, CD = causal diagnosis, E = examination, T = therapy)	Transformation T (therapy) in DD (descriptive diagnosis) [code] or exclusion from analyses [EX]	Sex-specific (f=female, m=male)	Category (LACT=lactation-related, REPRO=reproduction-related, PART=calving-related)	Time frame of recording age	Time frame of recording time point	Repeated recording possible (y=yes / n=no; T=animal, L=lactation)	Average interval in days
9.03.	Management-related use of drugs		T	EX					y	
9.03.01.	Biotechnical measures		T	EX					y	
9.03.01.01.	Prostaglandin-application for uterine clearance		T	EX	f	PART	from 18 months		y	
9.03.01.02.	Estrus induction		T	EX	f	REPRO	from 12 months		y	
9.03.01.03.	Estrus synchronization		T	EX	f	REPRO	from 12 months		y	
9.03.01.04.	Ovulation synchronization		T	EX	f	REPRO	from 12 months		y	
9.03.01.05.	Intra-uterine spiral		T	EX	f	REPRO	from 12 months		y	
9.03.02.	Prophylactic measures		T	EX	f				y	
9.03.02.01.	Vaccinations		T	EX					y	
9.03.02.01.01.	Vaccination of pregnant cows	cow vaccinations during pregnancy to protect the newborn calf	T	EX	f				y	
9.03.02.01.02.	BHV1 vaccination	vaccination against BHV1 = Bovine Herpesvirus 1	T	EX					y	
9.03.02.01.03.	BVD/MD vaccination	vaccination against BVD/MD = Bovine Virusdiarrhea / Mucosal Disease	T	EX					y	
9.03.02.01.04.	BT vaccination	vaccination against BT = bluetongue	T	EX					y	
9.03.02.01.05.	BRSV vaccination	vaccination against BRSV = Bovine respiratory syncytialvirus	T	EX					y	
9.03.02.01.06.	PI3V vaccination	vaccination against Parainfluenza 3 virus	T	EX					y	
9.03.02.01.07.	Pasteurellosis vaccination		T	EX					y	
9.03.02.01.08.	Salmonellosis vaccination		T	EX					y	
9.03.02.01.09.	Clostridiosis vaccination		T	EX					y	
9.03.02.01.10.	Dictyocaulosis vaccination		T	EX					y	
9.03.02.01.11.	Trichophytia vaccination		T	EX					y	
9.03.02.01.12.	Rabies vaccination		T	EX					y	
9.03.02.01.13.	Papillomatosis vaccination	vaccination against cutaneous and mucosal warts due to papilloma virus infection	T	EX					y	
9.03.02.01.14.	Mortellaro vaccination	vaccination against digital dermatitis	T	EX					y	
9.03.02.01.15.	Tuberculosis vaccination		T	EX					y	
9.03.02.01.16.	Other vaccinations or herd-specific vaccination		T	EX					y	
9.03.02.02.	Parasite prophylaxis		T	EX					y	
9.03.02.02.01.	Dictyocaulosis prophylaxis		T	EX					y	
9.03.02.02.02.	Mange (scabies) prophylaxis		T	EX					y	
9.03.02.02.03.	Prophylaxis against biting lice		T	EX					y	
9.03.02.02.04.	Fly prophylaxis		T	EX					y	
9.03.02.02.05.	Coxidosis prophylaxis		T	EX					y	
9.03.02.02.06.	Cryptosporidiosis prophylaxis		T	EX					y	
9.03.02.03.	Drying-off		T	EX	f	LACT	from 18 months		y	
9.03.02.03.01.	Dry-off therapy with milk withholding periods (discard times)		T	EX	f	LACT	from 18 months		y	
9.03.02.03.02.	Dry-off therapy without milk withholding periods (discard times)		T	EX	f	LACT	from 18 months		y	
9.03.02.04.	Prophylaxis against metabolic diseases		T	EX					y	
9.03.02.04.01.	Ketosis prophylaxis		T	EX					y	
9.03.02.04.02.	Milk fever prophylaxis		T	EX	f	PART	from 18 months		y	
9.03.02.04.03.	Prophylaxis against vitamin and trace element deficiencies		T	EX					y	
9.03.02.05.	Prophylaxis against digestive disorders		T	EX					y	
9.03.02.05.01.	Application of rumen magnet		T	EX					y	
9.03.02.06.	Prophylaxis against claw diseases		T	EX					y	
9.03.02.07.	Prophylaxis against retained placenta		T	EX	f	PART	from 18 months		y
